6- Additional charges for the use of CEPOQ's data entry service (manual entry)

The fees are \$3.07 + GST/HST per lamb entered manually at CEPOQ by our staff. Lambs entered by you incur no extra charge. Lambs born from previous lambing (to enhance accuracy of ewes evaluation) will be charged as new lambs if the data entry is done manually at CEPOQ. An invoice will be mailed after each data entry done by CEPOQ. Electronic data processing is included in the annual membership. Loin scanning service isn't included in the annual fees. Please contact the accredited vet/technician of your area.

Check this box if you authorize the publication of your flock information (raw data, genetic evaluations, flock averages, etc.) needed for the implementation and selection of awards winners related to GenOvis in all publications from OSF, CSBA, CEPOQ and partners, as well as on these organizations and GenOvis websites.

Signature of the participant or representative

For more details, please e-mail us at genovis@cepoq.com or call us at 1-418-856-1200 ext. 221. Complete and return by email at genovis@cepoq.com or mail to CEPOQ, 198, Avenue Industrielle, La Pocatière (QC), GOR 1Z0, Canada.
